

## WHO ARE VILAFRANCA'S HOSTS?

Vineyards, wine cellars, gastronomy and human towers are some of the main attractions awaiting visitors when they explore the town. But guess what Vilafranca's best-kept secret is... its inhabitants! The people of Vilafranca are dynamic, lively and open, and now they want to accompany you to show you first hand the special features that have marked their character.

The hosts are not professional guides; rather they are citizens in love with their town and who enjoy being with people. Would you like to meet them? Why not sign up for this cultural exchange experience with a neighbour from the town? Then they can share anecdotes and experiences with you and also their special view of Vilafranca.

All in all, our hosts will make sure your visit is the real thing, so unforgettable that you won't be able to stop thinking: "I wanna be Vilafranquí!"
